WIS 441 Tri-County Project lane closures for February 9 – February 13

Traffic restrictions on WIS 441 and US 10

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing WIS 441 Project lane restrictions for February 9 through February 13 in Winnebago, Outagamie and Calumet counties. Drivers should be aware of reduced speed limits and remember to use caution while traveling through any work zone. This does not include closures by local authorities for accidents or unusual incidents (such as weather).

US 41

Drivers can anticipate overnight **FULL CLOSURES** on northbound and southbound US 41 to install message signs. Closure and detour information is as follows:

- Southbound US 41 at the WIS 125/College Avenue interchange will be closed overnight on **Monday** from 10 p.m. to 5 a.m. The interchange ramps will remain open.
 - Southbound US 41 traffic will be detoured off at WIS 125/College Avenue, cross College Avenue and follow the entrance ramp back to US 41
- Northbound US 41 at WIS 114/Winneconne Avenue interchange will be closed overnight on **Wednesday** from 10 p.m. to 5 a.m. During the closure, the northbound US 41 on-ramp from WIS 114/Winneconne Avenue and the northbound US 41 off-ramp to Main Street/Oakridge Road will also be closed.
 - Northbound US 41 traffic will be detoured off at WIS 114, take WIS 114 east to Green Bay Road, follow Green Bay Road north to County II and take County II west to northbound US 41

Utility work

Utility work at the intersection of WIS 47/Appleton Road and Midway Road/County Road AP will begin on Monday, February 9 in Winnebago County. The utility work is expected to last approximately 10 weeks. The work is in preparation for the WIS 441 Tri-County Expansion Project at WIS 47 (Appleton Road) interchange later this year.

Traffic impacts for AT&T's utility construction include:

- A number of through lanes will be restricted and closed during various stages.
- Northbound right-turns from Appleton Road to Midway Road eastbound will be prohibited during various stages.
- Eastbound Midway Road will be closed to motorists approaching the Appleton Road/Midway Road intersection during various stages.
- Appleton Road north of the Appleton Road/Midway Intersection will be restricted to one lane during various stages.
- Eastbound Midway Road will be restricted to one lane approaching the Appleton Road/Midway Intersection during various stages.

Utility crews will have messaging boards alerting motorists to closures or turning restrictions. The first six weeks of the utility work will have the most impacts on local traffic.

All lane restrictions and work operations are weather dependent and subject to change.
